Choose a  **THERAPEDIC[®] MATTRESS**

- ✓ You can't afford not to buy a bed tested by ASRF for firmness, comfort and edge support.
- ✓ THERAPEDIC mattresses are the only product to have the five point FIRMNESS rating system.
- ✓ It's a system that makes sure you get the mattress that's right for you.
- ✓ For example: Rating One is super soft and would be suitable for those with pressure point discomfort. Rating Five is for athletic types who prefer minimum give in the mattress. Ultimately the choice is a personal one.
- ✓ As Goldie Locks said in the fairytale "This bed is too soft...this one is too hard...but this one is just right."
