

CALL FOR EXPRESSION OF INTEREST RESEARCH GRANT APPLICATION: 2010

The Australian Spinal Research Foundation invites expressions of interest for Grants to support research initiatives. The Foundation has established research priorities to support its vision to contribute and resource research that expands our knowledge base in health care delivery for the well being of our community.

Funding will favour those Grant applications that contribute to the development of chiropractic in key priority areas. For the 2010 round Research Priorities include:

1 Fundamental Research

The Foundation is interested in supporting research that expands our knowledge and understanding of the vertebral subluxation complex.

2 Clinical Research

The Foundation is interested in clinically oriented studies that contribute to and expand our knowledge and understanding of the impact of chiropractic adjustments on the spine, nervous system, global health and quality of life.

Expressions of interest applications will close at 5.00pm Australian Eastern Standard Time, Friday, 7 May 2010.

Log onto www.spinalresearch.com.au and download the Expression of Interest and Guidelines Forms. Complete the Expression of Interest form with a 500 word maximum overview of your proposed Grant Application and email to helen@spinalresearch.com.au by the close of business **7 May 2010**.

Expressions will be reviewed and applicants will be notified of the outcome of their Expression of Interest by 11 June 2010. Successful applicants will be invited to submit full research grant proposals by the close of business on **30 July 2010**. Applications received after the closing dates will be regarded as being late and will not be considered.
